

60KVA Row Industrial Spot Welder Machine Multi Point For Pet Cage

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Jin Hongxiang
- Certification: CE
- Model Number: JD-60
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Export safety wooden case
- Delivery Time: 5-10 working days. Or negotiation
- Supply Ability: 50 Set/Sets per Month

Product Specification

- Product Name: Spot Welder
- Applicable Industries: Building Cover Plate, Railway / Road Guardrail, Pet Cage, Storage Rack, Net Basket
- Rated Capacity: 60KVA
- Usage: Welding, Multi-point Welding
- Voltage: 380V, 50HZ
- Key Selling Points: Taiwan's Water-cooled Wet Control Transformer Will Not Be Affected By Overload
- Weight (KG): 330 KG
- Control System: Touch Electric Box Control
- Cylinder Stroke: 50MM
- Nominal Frequency: 50/60HZ
- Feature: Sufficient Power, Beautiful Welding, Firm And Fast Response
- Port: Shenzhen, China

Product Description

Spot welding machine row welding machine for pet cage

Other names

Spot welder, air pressure spot welder, touch welder, resistance spot welder,
 row welder, touch welder, pneumatic spot welder, spot welding machine,
 butt welder, pneumatic spot welder, medium frequency spot welder, customized spot welder,
 multi spot welder, pneumatic welder, precision spot welder, gantry spot welder,
 welder, high-power spot welder, iron wire spot welder, small spot welder,
 high-power spot welder, precision spot welder, multi cylinder spot welder, row welding machine,
 iron sheet spot welder, iron wire spot welder, resistance spot welder, AC spot welder, 3-phase spot welder, spot welding machine,
 nut spot welder, AC spot welder, 3-phase spot welder, spot welding machine, stainless steel spot welder, galvanized plate spot welder, customized spot welder,
 stainless steel spot welder, galvanized plate spot welder, customized spot welder, special spot welder, Battery spot welder, Taiwan spot welder,
 mesh spot welder, multi cylinder spot welder, gantry spot welder, wire mesh spot welder, DC spot welder, small spot welder,
 Spot welding machine, air pressure spot welding machine, row welding machine, touch welding machine, butt welding machine, pneumatic spot welding machine,
 multi spot welding machine, medium frequency spot welding machine, welding machine, pneumatic welding machine, high-power spot welding machine, precision spot welding machine,
 sheet metal spot welding machine, wire spot welding machine, resistance spot welding machine, nut spot welding machine, AC spot welding machine, three-phase spot welding machine,
 stainless steel spot welding machine, galvanized sheet spot welding machine, Customized spot welding machine, special spot welding machine, battery spot welding machine, Taiwan spot welding machine,
 mesh spot welding machine, multi cylinder spot welding machine, gantry spot welding machine, wire mesh spot welding machine, DC spot welding machine, small spot welding machine,

Tooling or fixture of the machine

The spot welding machine is a row welding machine. Because of the different products, it is necessary to do some positioning tooling or fixtures for the workpiece to facilitate more suitable welding of the workpiece. These can be customized as required. The main machine remains unchanged.

Row welding die

Spot welding die

Product Description

Performance characteristics

1. Cylinder direct pressure mechanism, good follow-up performance, fast welding speed, combined cylinder, Taiwan AS2410 large flow solenoid valve. Taiwan AS2410 solenoid valve has strong suction and sensitive response. It is ideal for continuous row welding of mesh.

**Taiwan AS2410 large
flow solenoid valve**

**Connected large
air cylinder**

2. All red copper water cooling temperature control device of transformer has the advantages of long service life, low noise, safety and convenient use.

- A. Taiwan transformer features: sufficient capacity, greater welding force and stronger conductivity.
- B. Water circulation cooling, which can be used within the rated range to ensure 24 hours of operation.
- C. Moreover, the temperature control device can work overload and automatically cut off power to protect the whole machine from being affected.

3.The water-saving forced cooling mode is adopted, and the main circuit adopts high-power SCR contactless switch, with high conductivity and low power loss , High temperature automatic protection.

Technical parameters:

| Technical parameters: | | | | | | | | |
|-----------------------|-----------------|-----------------|----------------------|---------------------------------|---------------|---------------------|----------------------|-----------|
| Model | Rated power KVA | Input voltage V | Nominal frequency HZ | Maximum short circuit current A | arm length mm | electrode travel MM | Cooling water volume | Weight KG |
| JD-60 | 60 | 380 | 50/60 | 22000 | 600 | 50 | 10 | 350 |
| JD-80 | 80 | 380 | 50/60 | 28000 | 600 | 50 | 10 | 400 |
| JD-100 | 100 | 380 | 50/60 | 30000 | 600 | 50 | 10 | 430 |

| | | | | | | | | |
|--------|-----|-----|-------|-------|-----|----|----|-----|
| JD-120 | 120 | 380 | 50/60 | 32000 | 600 | 50 | 12 | 460 |
| JD-150 | 150 | 380 | 50/60 | 34000 | 600 | 50 | 12 | 500 |
| JDX-35 | 35 | 380 | 50/60 | 15000 | 400 | 50 | / | 197 |
| JDX-50 | 50 | 380 | 50/60 | 20000 | 400 | 50 | / | 248 |

For row welding and fence welding, multiple spot welding machines can be used at one time. We have high standards. Our advantages are more obvious, row welding speed is faster, reaction speed is more than 30% higher than that of the same industry, and the welding effect is more beautiful and firm.

Necessary equipment for pet cage production. Mainly based on row welding. According to the size of the welding wire, the number of points to be welded can be 60KVA, 80KVA, 100KVA, 150KVA, etc.

There are bird cages, animal cages, poultry cages, etc

We always attach great importance to product quality. Before leaving the factory, it will be fully aged and debugged. And we always adhere to the principle of "providing customers with better quality, better price and better service."
