

Fast 1500MM Hydraulic Trimming Machine 7.5KW PV2 For Pet Cage Mesh

Our Product Introduction

for more products please visit us on wire-bendingmachine.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Jin Hongxiang
- Certification: CE
- Model Number: 7.5KW
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Export wooden case
- Delivery Time: 5-10 days or negotiation
- Payment Terms: L/C, T/T
- Supply Ability: 100 Set/Sets per Month

Product Specification

- Condition: New
- Machine Type: Trimming Machine
- Weight (KG): 980
- Warranty Of Core Components: 1 Year
- Control System: Hydraulic System
- Function: Trimming Mesh Edge
- Advantage: The Whole Machine Is Stable And Fast, And Can Be Trimmed Within 1.5m At A Time.
- Port: Shenzhen, China
- Highlight: 7.5KW Hydraulic Trimming Machine, PV2 Hydraulic Trimming Machine

Product Description

Fast Trimming Machine 1500MM For pet cage mesh

Trim Style

突出来的都需要修整
protruding iron head needs to be cut off

Function:

This machine is used to trim the protruding points of iron wire or cut off the excess iron wire ends. A mesh less than 1.5 meters long can be completed at one time in only 1 second. Really fast, simple and easy.

Application:

storage rack net, iron wire fence, net fan net cover, kitchen and bathroom rack supplies, refrigerator, oven basket, pet cage, etc

Name:

JX mesh trimming machine,
trimming machine,
hydraulic trimming machine,
1.5m long trimming machine,
trimming machine,
wire cutting machine,
fast trimming machine,
high-speed trimming machine

Performance characteristics:

1. This hydraulic trimming machine is specialized in trimming the mesh with large edges. The mesh length can be 1m or more

at one time. Within the allowable range, a large mesh can be repaired only four times.

2. The machine has a large mesh support adjustment frame, which makes it easier and easier to operate. It takes only 2 seconds to cut each side within 1m, which is very simple and efficient.

3. Large motor, large oil pump, fast start and strong power. You are a good helper for the ideal large order. Thickened sheet metal, specially fixed, the whole machine is very firm and stable.

4. The cutter adopts special materials for special treatment, which is very durable, the cutting products are neat, and can be treated at a certain angle.

5. Inching start, set the position, step on the foot, and the switch works once, which is very random.
