

5 Axis Argon Arc Welding Machine 380V Automatic Welding Equipment

Our Product Introduction

for more products please visit us on wire-bendingmachine.com

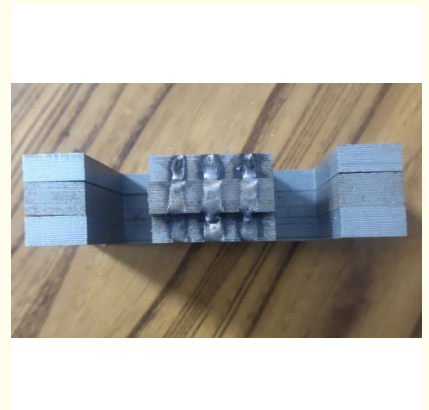

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Jin Hongxiang
- Model Number: JLH
- Minimum Order Quantity: 1 set
- Price: consult
- Packaging Details: Export wooden case
- Delivery Time: 5-10 days or negotiation
- Supply Ability: 100 Set/Sets per Month

Product Specification

- Machine Type: Automatic Gas Shielded Welding
- Core Components: PLC Programming, Touch Screen Display
- Key Selling Points: Exquisite Design, Precise Processing,
- Weight (KG): 200
- Voltage: 380V
- Usage: Spot Welding Or Pull Welding
- Feature: Fully Automatic
- Advantage: High Speed Stability
- Highlight: **5 Axis Argon Arc Welding Machine,
380V Argon Arc Welding Machine,
380V Automatic Welding Equipment**

Product Description

5-Axis Automatic Argon Arc Welding Machine

Application:

mainly used for welding of three-dimensional and multi-dimensional space. Spot welding and pull welding are available.

Welding workpiece:

mainly box type workpiece welding

Overview of 5-axis welding robot configuration and parameters

host	5-axis linkage welding machine
controller	5-axis linkage data processor, programming teaching box (with display)
Programming mode	Teaching type, can be saved, and supports the import and reading of memory card programs.
X-axis stroke	Left and right axles $\leq 1200\text{mm}$
Y-axis stroke	Front and rear axles $\leq 600\text{mm}$
Z-axis stroke	Upper and lower shafts $\leq 600\text{mm}$
R axis	Rotation axis of welding gun $\pm 360^\circ$
A-axis	Welding torch angle attitude axis $\pm 90^\circ$
Machine workbench	850*1500mm
Fixture	Customer optional production
Welding power source	Panasonic 350GR gas shielded welding machine (specially equipped with robot type)

welding torch	Special welding gun for automatic welding
welding silk	0.8—1.6mm
Shielding gas	Use Ar and CO2 mixed gas to achieve low spatter welding.
other	Ground wire, gas pressure reducing valve
technical service	Provide long-term technical support. The equipment is installed by the customer, and the supplier provides technical guidance,

Welding product display

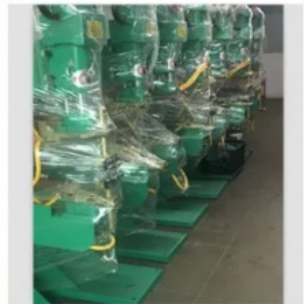

Our tenet:

Every equipment will do better!!

Tips:

Our products are constantly upgraded and improved. If the color or structure changes, the actual object shall prevail.
